50 CENTS

RANDY STOTLER/STAFF
Family members of 1st Lt. Emerson Bamba, seen on the video screen at his post in Iraq, Quirino Bamba, left, and Lolita Bamba enjoyed a unique opportunity to visit with the soldier on Tuesday by way of a teleconference call. An organization that helps to arrange such calls was able to use equipment at the Lawton Public Schools' Professional Development Center. Teleconferencing is just one way that technology has changed and improved the lives of families with soldiers at war.
